Honorable William K. Reilly
Administrator
Environmental Protection Agency
401 M Street
Washington, D. C. 20460

Dear Mr. Reilly:

I recently received a briefing from the Ethel Corporation about their product which they say will be a benefit to the consumers by reducing harmful automobile emissions.

Since air pollution is a major concern for the heavily populated areas of Georgia, I feel it is imperative that all corrective options be thoroughly examined as quickly as possible.

I hope you will do all you can to expedite the review process at EPA, and grant approval if the findings of the test program are upheld.

Most sincerely,

Max Cleland
